**Date: 4 November 2017**

### ***Limpopo Provincial Government reviews its performance***

The South African Government adopted the National Development Plan (NDP) in 2013 as a macro strategy. Subsequently, the Limpopo Provincial Administration customized the NDP and came up with the Limpopo Development Plan (LDP) as a vehicle through which development in the province will be implemented. As the electoral cycle draws to a close, the Limpopo Provincial Government will review its performance since the inception of the current administration in 2014.

The Premier of Limpopo, Mr Chupu Stanley Mathabatha and his cabinet will engage the media and public at large through an in-depth discussion of milestones accomplished. The discussions will be held through a platform where a panel of political analysts will critique the performance of the province in terms of its targets, outcomes, challenges and future plans regarding access to basic services, economic, social and infrastructural developments. The public will participate through a call-in programme and engage with the analysts and political representatives.

Details are as follows:

**Date: 8 November 2017**

**Time: 17h00**

**Venue: Meropa Casino, Polokwane**
