Premier condemns violence at Tshitale.

Limpopo Premier Chupu Mathabatha has condemned the violence and destruction of property and Infrastructure at Tshitale, near Makhado in the past few days.

The impasse over an incomplete road has since deteriorated into anarchy. " We plead with the Tshitale community near Makhado to give a chance to both MEC Dr Mochadi and RAL to deal with factors on the ground. Our understanding is that there's been serious contractual flaws that needs time to solve", he said.

The Premier says although communities have a right to protest, they should know that law enforcement agencies will deal with delinquents, and criminality.
