Limpopo police pleads with public to assist in finding a 21-year-old missing man

02 November 2019

POLOKWANE: The South African Police Service in Seshego outside Polokwane are investigating a case of a missing person, following the disappearance of man aged 21.

It is alleged that on Thursday, 31 October 2019 at about 17:35, Justice Ramashiya, residing in Seshego Zone 2, was with his friends when they were allegedly chased by a group of unknown people travelling in a Combi, while they were at Bloodriver Letsokoane village.

During this incident, the group of friends ran into different directions and since then, Justice did not return home. The next day, one of his friend visited his home to check on him, but he was surprised when he realised that Justice did not arrive back home.

He then explained to Justice's parents about the incident. They then tried to search for him around Seshego and nearby areas and contacted him on his cellphone but it was off and not located. The matter was reported to the police today.

He was last seen wearing a blue jersey, black jean and black sneakers.

The police Search and Rescue Team and the K9 Unit were since activated.

The investigations and searches are still underway.

Anyone who knows the whereabouts of this missing man should contact Constable Alli Maluleke on 061 445 7602 or Crime Stop on 08600 10111 or the nearest Police Station.
