EXCO Imbizo Outreach Programme at Zaaiplaas Village

Premier Chupu Stanley Mathabatha and his Executive Council will meet with the communities of Zaaiplaas and surrounding villages of Masanteng, Doorong, Dankie Stop during the EXCO Imbizo Programme.

Some of the challenges the provincial government identified in the area are: dilapidated infrastructure, large enrolment in schools, shortage of furniture and learning materials, rampant teenage pregnancy and vandalism of school property by community members. During this interaction, the government will address these problems and look for lasting solutions that will include full participation of the affected communities in order to arrive at permanent resolutions.

Some of the success service delivery stories are: a 24-hour clinic that services 12 villages including Zaaiplaas. The clinic attends to patients diagnosed with HIV, Hypertension, Diabetes, Mental care etc. Serious medical cases are referred to the neighbouring hospital of St. Rita.
