Premier meets Security Cluster and COSATU

Limpopo Premier Chupu Mathabatha has met with the Provincial Security Cluster headed by General Ledwaba and also Union leaders led by COSATU.

The meeting was prompted by the recent killings in the Vhembe District in the past few weeks. SAMWU leader Mr Mani was killed last night, whilst another one was shot a week ago and is recovering in hospital.

COSATU Leadership raised concern about security measures around them and in Vhembe. They also reported about a gangster group wrecking havoc in the area.

The Premier was upraised about killings in Tubatse and also the recent crackdown on the case of Mats Rambau.

General Ledwaba has assured the collective leadership of a specialized police team that has been deployed to Vhembe.

At this moment it is still not clear as to the motives of the shooting and recent killings in both Vhembe, Tubatse and Elias Motsoaledi.
