Limpopo Provincial Government continues to celebrate World Elderly Abuse Awareness

On the 15th June 2019, people worldwide celebrated the Elderly Abuse Awareness Day and pinpointed the challenges that older people come across on daily basis.

It leaves no spat that Limpopo Provincial Government finds it pivotal to continue confronting obstacles that our elderly experience in various areas. The awareness will be held under a theme: "The lifting up voices tools" to voice out physical, emotional, sexual and financial challenges that elderly face and solutions will be provided by government departments that will be part of this awareness.

There will be a peaceful march from Musina Municipality offices to New Musina Community hall where the events will take place.

South African Police Service (SAPS) representatives, Department of Health, Department of Social Development, South African Social Security Agency (SASSA) and Limpopo Older Person's Forum will grace the day to ensure that elders are well vested with tactics to be taken when they experience calamity in their lives. Prevention is better than cure to avoid catastrophic ramification in our beloved elders' lives.

The event will take place as follows:

Date : Thursday 27th June 2019

Venue: New Musina Community Hall (Musina Municipality)

Time : 09h00
