

***RAMAPHOSA TO PRESIDE OVER THE LAUNCH OF THE BORDER
MANAGEMENT AUTHORITY***

President Cyril Ramaphosa will on Thursday, 05 October 2023, preside over the launch of the Border Management Authority (BMA), in Musina, Limpopo Province.

The launch of the BMA follows its formal establishment and assumption of its status as a schedule 3 (A) public entity on 1 April 2023.

The establishment of the BMA means that South Africa now has an integrated border management platform, with a single command and control with which to support the attainment of secure borders, safe travel and trade.

As part of the launch, President Ramaphosa will receive President Emmerson Mnangagwa of the Republic of Zimbabwe to hold official talks and undertake a guided tour of the Beitbridge border, supported by members of the Inter-Ministerial Coordinating Committee (IMCC) on the BMA.

The President will then proceed to officiate the launch of the BMA at the Musina Show Grounds and also handover a Sword to the Commissioner of the BMA to delegate the powers to lead the third law enforcement authority in the Republic.
