Matshelo. Together as a province we can achieve our vision of Excellence in provisioning of innovative quality basic education ". MEC said

As the year comes to an end and schools closing, parents and guardians are encouraged to keep their children safe by monitoring their movements on a daily basis. The department is also strongly advising against pens down parties or any form of celebration that will endanger the lives of our children. Learners are advised to keep safe as 2025 academic year is just around the corner.

'We agree that the completion of 12 years of schooling and moving into a higher grade is a milestone worth celebrating, however we advise learners against pens down parties, and encourage safe and responsible celebrations.' MEC encouraged.

The 2024 National Senior Certificate results will be announced on 14 January 2025.
