Limpopo Premier, Dr Phophi Ramathuba, will officially commission the Ga-Mashashane Hatchery and the Lebowakgomo Chicken Abattoir in the Capricorn District on Monday, 14 April 2025.

The commissioning of the Lebowakgomo Chicken Abattoir forms part of the catalytic programmes highlighted by the Premier during her 2025/2026 State of the Province Address. These initiatives are central to the provincial government's efforts to drive inclusive economic growth, promote food security, and create sustainable job opportunities, especially for young people and emerging farmers in the agricultural sector.

"We are proud to witness the operationalisation of these strategic projects, which represent a significant step in transforming our rural economy. The hatchery and abattoir will not only create much-needed jobs, but also empower communities by imparting valuable agricultural skills to our youth. These facilities are tangible proof of our commitment to building a capable and self-sustaining province," said Premier Dr Phophi Ramathuba.
