MEC RACHOENE GIVES MARCHING ORDERS AHEAD OF BOARD MEMBERS INDUCTION

"The people of Limpopo are not merely asking for roads, they are demanding a future with dignity, mobility, and opportunity." These were words uttered by MEC for Public Works, Roads and Infrastructure, Ernest Rachoene during his opening address at the induction session for the newly appointed Board members for Roads Agency Limpopo (RAL).

The new board came into effect in April 2025 for the new term of office.

The members will undergo a two day induction session, where they will share information on technical operations and impact of policies on the RAL mandate.

The MEC impressed on the members that the decisions they will take as part of their work, must reflect the priorities of the people and the vision of the Limpopo Development Plan.

"RAL must not be a passive institution. It must be a strategic instrument of economic transformation, spatial justice, and rural development. It must reflect the values and aspirations of a developmental state that puts people first and leaves no one behind." MEC Rachoene concluded.
