

**MEDIA ADVISORY  
FOR IMMEDIATE RELEASE**

Date: 12 February 2026

**MEC Mahoai To Lead the School Shoes Handover Programme**

The MEC for Finance in Limpopo, Kgabo Mahoai, in partnership with Old Mutual, will hand over school shoes to 100 learners in his constituency in the Aganang cluster of Polokwane Municipality, as part of a continued effort to support children from disadvantaged households.

No learner should walk to school barefooted. Through this initiative, MEC Mahoai and Old Mutual seek to restore dignity, promote school attendance and create a supportive learning environment for young learners.

The programme forms part of ongoing community outreach meant to ensure that poverty does not stand in the way of education. By easing the financial burden on families, the initiative contributes to improved learner confidence and participation in the classroom. The two schools that are set to benefit in this programme are located in Ga Matlala.
